(Election without Traverse)

Hon. Assistant Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

In the Office Action mailed on June 21, 2004, the Examiner states that the present Application contains patentably distinct species of the claimed invention, identified therein as the species of Figures 2, 3, and 4 of the specification (independent Claim 1 currently generic). As such, the Examiner is requiring the Applicants, under 35 USC 121, to elect a single invention for examination. Specifically, the Examiner is requiring the Applicants to elect between a first species depicted in Figure 2, a second species depicted in Claim 3, and a third species depicted in Figure 4.

Responsively, Applicants respectfully submit herein an election without traverse and a listing of the Claims, beginning on age 3 of this paper.

ELECTION WITHOUT TRAVERSE BETWEEN SPECIES I, II, and III

Applicants respectfully elect without traverse Group III, depicted in Figure 4 of the specification, as recited in Claims 1-5, 8-14, and 16-20, drawn to devices and a method for removing heat from an electronic device.
